AMOUNT RECEIVED

GST (except for wine) calculation is based on the formula:

$GST = \text{Value of Taxable Importation (VoTI)} \times 10\%$

$VoTI = \text{Customs value plus Customs duty plus the amount paid or payable for the international transport of the goods and to insure the goods for transport.}$

For wine, wine tax (**WET**) needs to be calculated before GST.

$WET = \text{Value of Taxable Importation (VoTI)} \times 29\%$

GST for wine is 10% of (VoTI plus WET). Both WET and GST are payable.
